

2017 SHLB ANNUAL CONFERENCE: UNITED STATES OF ANCHORS

MAY 31–JUNE 2, 2017 | HYATT REGENCY IN CRYSTAL CITY, VA

@SHLBCoalition #USofAnchors

SPONSORSHIP OPPORTUNITIES

TARGET AMERICA'S ANCHOR INSTITUTIONS. SHLB understands the unique challenges of reaching America's schools, libraries, health clinics, and other community anchor institutions. SHLB offers sponsorship options to connect its members to the right companies as well as to help companies like yours build brand loyalty.

ATTENDEES: 250-350 people representing schools, libraries, consultants, broadband companies, and government officials from across the country

LOCATION: Washington, DC

DATE: May 31 - June 2, 2017

The SHLB Annual Conference is the premier conference on anchor institution broadband. Each year it attracts people from across the country to discuss key broadband issues that are important to anchor institutions and their communities, such as E-rate, Lifeline, telehealth, and fiber deployment. Exhibiting or sponsoring gives you unmatched access to hundreds of future customers.

ABOUT THE SHLB COALITION

The Schools, Health & Libraries Broadband (SHLB) Coalition [pronounced "SHELL-bee"] is a DC-based 501(c)(3) nonprofit that works with policy-makers at the federal, state and local levels to promote policies that help schools, libraries, health care providers, and other anchor institutions obtain the open, affordable, high-capacity broadband services they need to effectively serve their communities.

Deploying broadband networks to anchor institutions is an investment in our nation's future. Broadband improves Internet access to students, low-income populations, senior citizens, migrants, and millions of other underserved Americans who may not otherwise have access.

The Internet has become a cornerstone of American life, and it is the key infrastructure that anchor institutions need to provide 21st century education, information, and health services to the public. SHLB works with the Federal Communications Commission, the U.S. Department of Commerce, and other federal, state, and local government agencies to close the digital divide and create future-ready communities.

OUR MEMBERS

The SHLB Coalition's strength comes from its diverse membership. SHLB Membership includes anchor institutions, commercial companies and non-profit broadband providers, foundations, public interest groups, state broadband offices, and others. SHLB Members work together to develop and support policies to improve broadband connectivity for anchor institutions and their communities in all regions of the country – urban, suburban, and especially rural.
